

GL-IAM delegation

Human user
session JWT

```
graph LR; A[Human user session JWT] --> B[ ]; B --> C[ ]; C --> D[ ]; D --> E[ ]; E --> F[Deny or expired];
```

The diagram illustrates the GL-IAM delegation process. It begins with a light blue box labeled 'Human user session JWT'. An arrow points from this box to a large, light green rounded rectangle. Inside this green rectangle, there are three horizontal arrows pointing from left to right, followed by a fourth arrow pointing to the right edge of the rectangle. From the right edge of the green rectangle, an arrow points to a light red box labeled 'Deny or expired'.

Deny
or expired
