

Pytest quality gates

Integration system tests

Coverage, logs, and
validated deployment

```
graph LR; A[Pytest quality gates] --> B[Integration system tests]; B --> C[Coverage, logs, and validated deployment]
```

The diagram illustrates a workflow starting with 'Pytest quality gates' (a large green rounded rectangle). An arrow points from this box to 'Integration system tests' (a large blue rounded rectangle). From the 'Integration system tests' box, another arrow points to a smaller red rounded rectangle containing the text 'Coverage, logs, and validated deployment'.
